NEW Non-Air Bag Steering Wheel

We are excited to introduce our new SafeGuard non-air bag steering wheel, compatible with all 2016 to current Vision and All American units, featuring:

- unique flat-bottom design for easier ingress and egress
- comfort grip bumps at 10 and 2 o'clock
- more adjustment in the driver's seat
- better visibility through the windshield

Note: This non-air bag steering wheel is available now. The new steering wheel WITH driver air-bag will be standard fall 2025.
